

String Test

1. Place 6-7 vertical lines & 6-7 horizontal lines using sewing thread 1" apart to make a grid over the top of the nest.
2. Leave the nest undisturbed until the following morning and then check the strings in the morning.
3. If the mother has returned to nurse her babies, the strings will be disturbed.

Thread or string placed in a 1"
grid pattern over the nest

Cottontail Nest
